

ROGUE IN MY ARMS

Celeste Bradley, St. Martin's Press 2010

1. Pru is in hiding to protect her brother, although he is exposed to a lot of street life with her. Did Pru make the right decision between emotional safety and physical safety?
2. What was your childhood like? Did you have a lot of freedom? Were you streetwise? How do you feel about the level of sheltering of today's children?
3. Colin has some experience with children. How does this prepare him for Melody. How is he unprepared?
4. Colin is a little arrogant in the beginning. In what way does Colin mature through the course of this story?
5. Pru takes a little vengeance on Colin by making him sing in public. Do you think she was in the right?
6. In what way is Colin like a roguish pirate, and in what way is he like a serious scholar?
7. Pru finds it so difficult to trust because she is responsible for her brother's fate as well as her own. How does Colin both earn her trust and make her suspicious during their time together?
8. If Colin was alive in the 21st century, which books or movies would he have written?
